

Sea Grant Week 2016

Theme, Goal, Outcome Statements

Theme:

Science Serving America's Coasts: Building a Resilient Future
Highlighting success and innovation; plan for future

General goal statement:

Sea Grant Week 2016 offers opportunities to

- Learn new skills and techniques for improving program effectiveness;
- Exchange ideas to evaluate and enhance on-the-ground efforts;
- Connect with colleagues for valuable exchanges of lessons learned in the field;
- Celebrate Sea Grant's accomplishments over its first 50 years; and
- Plan for the next 50 years of serving America's coasts.

Outcome statement:

Sea Grant 2016 will consist of a series of training events and workshops in addition to the network sessions. The workshops are being developed with input from each of the networks within Sea Grant and shaped by the Sea Grant Week planning committee. Each workshop will have a specific goal and outcome associated with it.
